3613-4074AL	Fluorescent on a 40' reel	SJTOW-A 18/2

INDUSTRIAL GRADE LED WORK LIGHTS

LED Ruff Lites

The new generation of LEDs found in our Ruff light makes the light brighter than a 13 watt fluorescent and matches the light pattern of a fluorescent.

This LED Ruff light has our standard chemical and scratch resistant outer tube. As with all Aligncraft products, a full compliment of replacement parts are available.

Features:

- Two 4-watt 110° angle bright white LEDs provide 5,000K light and are rated at 50,000 hours
- One-watt high output LED provides a bright flashlight out the end
- Three large octagonal shaped bumpers provide impact protection to the fixture and helps prevent the unit from rolling when it is laid down
- Covered on-off switch in the handle
- CUL approved
- Adjustable steel hook
- Oil resistant all weather cord
- Made in North America

Model	Description	Cord Specs
AL1940-8018	LED, with end light 40' cord reel	18/2 SJTOW
AL5165-0212	Head Kit with end light	
AL5000-6342	LED lens assembly complete with bumper and reflector	

POWER SUPPLY REELS

2200-3000 - Power Supply Reel

- 40 ft. 12/3 SJTW Cord
- 15 Amps.
- CUL Approved
- Circuit breaker located in the triple outlet protects the reel from being overloaded
- Reel housing is made of a special blend of plastics that is tougher than polycarbonate
- Plastic reel components have a VO fire rating (unable to sustain a flame)

2630-3000 - Power Supply Reel

- 30 ft. 16-3SJT Cord
- 10 Amp rated triple outlet with circuit breaker
- CSA Listed

RUFF LITE TROUBLE LIGHTS PARTS

5165-9520/9529 - Head Kit

5165-9520 - Complete with ballast in handle
5165-9529 - Without ballast

- The head kit comes as a complete unit ready to wire into your existing reel and switch on.
- Complete with rough service bulb.

5165-0212AL- LED Head Kit

- The head kit comes as a complete unit ready to wire into your existing reel and switch on.

654501 - Rough Service Bulb

- Our 13-watt fluorescent bulb is a patented rough service lamp that is 10 times more impact resistant than non-rough service bulbs.
- The bulb has been injected with silicone at its base. This process not only substantially strengthens the bulb but also results in a much whiter and brighter light and cooler operation.

6560-1601 - Lens Assembly

5000-6342AL - LED Lens Assembly

- A complete lens assembly ready to install.
- The polycarbonate shatter resistant outer lens comes complete with the top bumper and reflector already installed.
